

# White Tank Mountain Regional Park

## Entry Station Relocation

The Maricopa County Department of Transportation (MCDOT), in partnership with Maricopa County Regional Parks and Recreation, will be making improvements to the entrance of the White Tank Mountain Regional Park, beginning **Monday, September 19th** and continuing until late December 2022.

The work will reconfigure the entrance at Olive Avenue including: widening the roadway, adding a raised median, street lighting and traffic control signs, and moving the park entry station further west into the park.

Visitors will continue to have full access to the park during construction, including the White Tank Library, however, you will encounter some travel restrictions. The east access to Black Canyon Drive will be closed for the duration of the work. Please use the west entrance, as noted on the map below.

Please watch for construction crews and equipment, obey all traffic control signs, and slow down as you drive in the work zone.

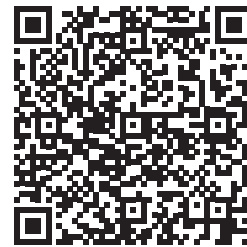

### Work Schedule:
