WELCOME TO MARICOPA COUNTY PARKS & RECREATION

From hiking on a barrier-free trail to horseback riding along a creek to testing your mountain biking skills and abilities on a competitive track, Maricopa County Parks offer visitors the best of the Sonoran Desert. Twelve parks in the system circle the Phoenix metropolitan area. At approximately 120,000 acres, Maricopa County is home to one of the largest regional park systems in the United States. A new adventure awaits you!

NATURE TRAILS

Maricopa County's regional parks offer ample opportunities to explore nature. Visit one of our many nature centers; experience a guided hike or program with one of our talented Interpretive Rangers; watch the abundance of wildlife throughout our parks. The recreation possibilities are endless with over 280 miles of park trails for hiking, biking, and horseback riding. Designating these scenic trails for **non-motorized** use only allows the public to be safe and enjoy the primitive desert. The Maricopa Trail is a regional trail system that connects all of Maricopa County's regional parks with over 300 miles of trails circling the metropolitan area.

PICNICKING

There are hundreds of picnic tables and sites throughout the Maricopa County Park System. Many of these locations include a grill with nearby restrooms. Some picnic sites are covered, allowing for hours of outdoor enjoyment. Covered ramadas are also available and make the ideal setting for a wedding, party, or group gathering. For a nominal fee, visitors may reserve an area within the park for a wide variety of activities.

CAMPING

With camping sites available at almost every park, the Maricopa County Park System is home to thousands of visitors every year. Visitors come with their recreation vehicles (RVs) from all over the country to stay at a Maricopa County park. Tent campsites are also available in several of the parks, many with a picnic table and fire pit. Amenities like water/electric hookups, restrooms/showers, and dump stations make these parks a popular favorite.

ACTIVITIES

Through agreements with privately-owned companies, Maricopa County Parks offer multiple forms of recreational activities such as horseback riding, a water park and golfing.

HISTORY

In the mid-20th century, residents of Maricopa County had the foresight to preserve large areas of the desert for recreational use, responding to the rapidly growing population of their area. In 1954, the Maricopa County Parks and Recreation Department focused its efforts on large, regional parks. Estrella Mountain Regional Park was the first regional park in the Maricopa County Park System.

ADOBE DAM REGIONAL PARK

Sitting at the base of the Hedgepeth Hills in north Phoenix, this 1,450-acre park offers recreationists the opportunity to participate in activities that require ample space. The land is used by many clubs, including the Arizona Model Pilots Society, Maricopa Live Steamers (trains), Adobe Mountain Speedway, and Phoenix Kart Racing Association. Adobe Dam is also home to The 500 Club Championship Golf Course, Six Flags Hurricane Harbor Phoenix and the Victory Lane Sports Complex (ball fields).

BUCKEYE HILLS REGIONAL PARK

Consisting of 4,422 acres of natural desert, the park is located in the southwest Valley. The park houses the General Joe Foss Shooting Complex which contains a 50-yard training range, 200-yard public multiuse range, and shotgun range. Please check the website for hours and dates of availability. Currently, there is no running water or electricity available in the park.

CAVE CREEK REGIONAL PARK

Located north of Phoenix, this 2,922-acre park sits in the upper Sonoran Desert. Ranging in elevation from 2,000 feet to 3,060, this desert oasis provides any hiker and equestrian majestic views. The Go John Trail loops around a mountain to provide the illusion of being miles away from civilization. In the 1870s, fever-stricken gold seekers staked their dreams on the jasper-studded hills. Guided trails to these sites give visitors an opportunity to travel back in time. Park visitors may also enjoy a scenic tour of the park via horseback with the onsite concessionaire, Cave Creek Trailrides.

ESTRELLA MOUNTAIN REGIONAL PARK

These 19,800 acres of desert and mountains became the first regional park in the Maricopa County Park System in 1954. Near the confluence of the Gila and Agua Fria Rivers in the southwest Valley, the park includes a large wetland or riparian area. The majority of the park remains pristine desert, very similar in appearance to the landscape seen by the first settlers and explorers. The Sierra Estrella range, or "Star" Mountains, was once within the Mexican border and remained so until the Gadsden Purchase in 1853. Amenities such as a family friendly picnic area with a nature themsel playground remades with grills, and mile languagements.

nature-themed playground, ramadas with grills, and mile-long walking path are available to visitors.

HASSAYAMPA RIVER PRESERVE

The Hassayampa River Preserve is a desert oasis with lush vegetation, perennial water, and an

abundance of wildlife. Several short trails travel through a riparian cottonwood-willow forest (among the last in Arizona), mesquite woodlands, old palms at spring-fed Palm Lake, and up to a stunning view at Lyke's Lookout. The Preserve protects important habitat for wildlife, including fox, javelina, bobcat, reptiles, amphibians, dragonflies, and over 300 bird species (including two threatened species). The Preserve's historic buildings and interpretive exhibits give visitors a glimpse into the rich local and natural history.

LAKE PLEASANT REGIONAL PARK

One of the most scenic water recreation areas in the "Valley of the Sun". At 23,662 acres, 10,000 of which are water, this northwest Valley park is a recreationist's dream. The park offers recreational opportunities such as camping, boating, fishing, horseback riding, swimming, hiking, mountain biking, picnicking, scuba diving, and wildlife viewing. In 2009, the park became the home to Scorpion Bay Marina, a state-of-the-art marina, restaurant, and fuel station. At the Lake Pleasant Discovery Center, guests learn about the history of the area and desert wildlife. Step out onto the balcony surrounding the Discovery Center to get a beautiful view of Lake

Pleasant and an up-close look at Waddell Dam. The breathtaking views offer visitors a great place to relax, whether it is from a boat or shoreline.

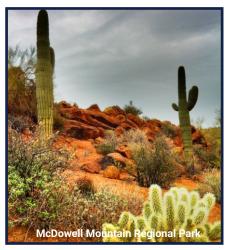

DESERT OUTDOOR CENTER at Lake Pleasant

The Desert Outdoor Center at Lake Pleasant is a world-class outdoor education facility which annually engages over 20,000 Valley youth in over 30 informative programs. Topics ranging from desert survival to venomous creatures and aquatic life to edible plants of the desert are designed to meet state educational standards while leaving kids with a fun and memorable experience. The isolation and spectacular views of the Sonoran desert also provide a private and beautiful backdrop for weddings, retreats and other group functions. To learn more about the Center, view the informational video @MaricopaParks.

McDOWELL MOUNTAIN REGIONAL PARK

Nestled in the lower Verde River basin, the 21,099-acre park is a desert jewel in the northeast Valley. Elevations in the park rise to 3,000 feet along the western boundary at the base of the McDowell Mountains. Visitors enjoy a full program schedule, over 50 miles of multi-use trails, and spectacular views of the surrounding mountain ranges. A stroll through the park may allow visitors to see deer, javelina, birds, and coyotes.

picnicking in the park, visitors may be fortunate enough to spot deer or javelina in their natural habitat.
